Dear Honourable Leader of the Opposition,

I had initially intended to transmit **Phase VI tomorrow**, following today's submission of Phase V.

However, a colleague from **AFRALO** has requested a copy of the complete legislative package for reference. As Phase VI is the final consolidated text bringing together all the amendments proposed in the previous phases, I felt it appropriate that **you receive the completed document first before I circulate it more widely**.

I am therefore forwarding Phase VI today rather than tomorrow.

This final phase contains the clean consolidated proposed text of both the **National Crime Agency Bill 2026 — clauses 1 to 85 and the Schedule — and the National Crime (Interim) Agency Bill 2026 — clauses 1 to 20**.

It concludes the six-phase technical exercise that I have been submitting to you over the past few days.

Thank you once again for receiving these submissions.

With kind regards,

Dave Kissoondoyal, MBA, LLM (Cyberlaw), MBCS, MCMI
